G

I don't want to perish for lack of vision

C

So come to me with revelation of the frailty of this life

So prone to wander

G

So prone to stray

So prone to lose heart

And lose my way

Verse 2

I will not despise

The sowing of seeds

For I know in due time

I will see (reap)

The fruit of my labor

For all of eternity

The fruit of my labor

I give myself wholly to thee

Chorus

See the weight

See the glory

Of what you're doing

It is affecting your forever

Bm

There's a reason that I told you

Em

To set your mind on things above

C

There's a reason that I told you

G

To set your eyes on Me

For nothing in this life

Will ever truly satisfy

The desires of my soul
