## **Verse 1**

It was from the depths that You grabbed me  
Called me and pulled me  
Up from the miry clay

## **Pre chorus**

It took the blood, of One  
The Pure and Spotless Lamb  
It took the blood, of One  
The Man from Heaven (repeat)

## **Chorus**

And I will praise You  
I will love You with all my heart  
And I will thank You  
Forever, and ever

## **Verse 2**

It was when I was undeserving  
And rightfully earning  
Eternal separation from You

## **Bridge**

As I see the height from which You reign  
And the depth to which You came  
As I see the height to which You brought me  
And the depth from which You saved
