

# Gift of God

## **Verse**

As for me I was dead in my transgressions  
I was bound to my sin, bound to condemnation

As for me I was an object of His wrath  
And fully deserving of death, fully deserving of death

## **Pre Chorus**

You saw me there, because of Your great love  
You saw me there, because You're rich in mercy

## **Chorus**

You made me alive, when I was dead  
You raised me up, and seated me with Christ  
It's by Your grace, that I am saved  
It's through faith, it's the very gift of God

## **Bridge**

Eternally, I've been bought with blood  
There will never be another sacrifice
